Miryalaguda, Telangana.

Linkedin| GitHub

SUMMARY

A recent graduate from Kalasalingam University with a specialization in Artificial Intelligence and Machine Learning, seeking a challenging and rewarding opportunity in a software engineering firm to expand coding skills, contribute to innovative solutions, and grow within the ever-evolving technology field.

EDUCATION

Kalasalingam Academy of Research and Education — Madurai, India
B. Tech – Computer science & Engineering(AIML) — June 2021 - May 2025
CGPA: 7.93

KLN Junior College — Miryalaguda, Telangana
Intermediate +2 — July 2019 - April 2021
GPA : 7.82

Abhyas Techno High School — Miryalaguda, Telangana
Primary Education - SSC — July 2018 - April 2019
GPA: 9.2

TECHNICAL SUMMARY

- **SQL**
  - Good understanding of RDBMS concepts and Implemented Joins and subqueries.
  - Comfortable in writing SQL statements like DDL,DML,DQL, etc.
- **PYTHON**
  - Strong understanding of Python and used for web development, data analysis, and more.
  - Applied python in projects like CNN- based web Application.

TECHNICAL SKILLS

Programming Languages:	Python, HTML, CSS, Machine Learning, Gen AI SQL
Web Frameworks:	Flask
Python Libraries:	SQLAlchemy, psycopg2, mysql-connector-python
Databases:	MySQL, Oracle
Version Control:	Git & GitHub
Tools & Technologies:	REST APIs, CRUD Operations, Jinja2 Templates
Soft Skills:	Problem - Solving, Time management, Collaboration, Analytical Thinking

PROJECTS

Utilizing biomass for clean energy generation — Python, IoT, CNN
- The agricultural sector is an important provider of biomass.
- Provides biomass for energy production.
- Uses for heat, electricity, and fuel transportation.

Healthcare Application — Python, Flask, CNN, HTML/CSS
- Built an image-based diagnostic tool for diabetic retinopathy and skin cancer detection.
- Integrated advanced CNN algorithms to classify medical images with high accuracy.
- Deployed via Flask with an intuitive interface, ensuring accessibility across platforms.

CERTIFICATES

- Azure AI Fundamentals- Microsoft Azure.
- Oracle Data Science Professional- Oracle

I confirm that the above details are true and accurate to the best of my understanding and belief.
